

FINANCIAL EDUCATION FOR PA & NURSING SCHOOLS

Empowering Future Healthcare Professionals with Financial Confidence

At **Aether Financial Group**, we believe financial education is essential for **Physician Associate (PA) and Nursing students** as they prepare for their careers in healthcare. Many students graduate **without formal financial education**, leaving them unsure about managing **student loans, savings, and long-term financial planning**.

Our goal is to provide **practical, relevant financial education** so PA and nursing students can confidently transition into their professional roles with a **solid financial foundation**.

How We Work with PA & Nursing Schools

We partner with **PA programs, nursing schools, and academic institutions** to deliver **engaging, educational financial sessions** that address the real financial concerns of future healthcare providers.

Core Program Structure

We typically offer **one to two sessions per year**, either **in person or virtually**, allowing students to ask questions and gain financial clarity.

For schools looking for a **deeper financial education series**, we offer specialized sessions covering:

Key Topics for PA & Nursing Students

- △ **Understanding Student Loans** – PSLF, SAVE plan, refinancing vs. long-term repayment strategies.
- △ **Employer Benefits & Retirement Plans** – Making the most of **401(k), 403(b), and Roth IRA options**.
- △ **Financial Prioritization** – How to structure savings, loan payments, and investments on an entry-level salary.
- △ **Taxes & Financial Basics for Healthcare Professionals** – What PA and nursing students need to know about taxes, deductions, and common financial mistakes.
- △ **Risk Management & Insurance** – Understanding **disability and life insurance**, and why they matter for healthcare professionals.

Our Approach to Financial Education

We make financial topics **clear, engaging, and practical**, focusing on **real-life situations** that students will face as new healthcare professionals.

- △ **Discussion-Based** – No boring lectures—just real conversations and interactive Q&A.
- △ **Customized to Your Students** – Each session is tailored to the unique challenges of **PAs and nurses entering the workforce**.
- △ **Education-First Approach** – We prioritize financial literacy and practical guidance tailored to students' needs.

Bring Financial Education to Your Program

If you'd like to schedule a session for your **PA or nursing school**, we'd love to collaborate. Whether it's a **single workshop or a structured financial education series**, we can tailor a program that fits your students' needs.
